Thank you for expressing interest in the Dumbarton & District Model Aircraft Club.

As the name would suggest, we are a group of keen aeromodellers living in, or close to Dumbarton. Our aim is to pursue and promote our chosen hobby/sport in a family friendly club.

We are dedicated to ensuring that our interests are maintained safely and without causing nuisance or harm to our fellow countryside users. As part of our safety policy we operate very stringent safety rules and follow the guidelines of the SAA (Scottish Aeromodellers Association). Amongst other things, this entails giving FREE flying tuition to members towards gaining their Bronze, Silver and Gold certificates.

Club facilities include two cultivated grass strips, a special pad for helicopter operations and a private car park at our site on Carman Hill, which is situated on the Cardross Road, between Cardross and Renton. Flying is generally unrestricted as in accordance with club safety rules. Formal club days are held every Sunday and Wednesday evenings in the summer. Informal flying sessions are much in evidence at all other times, especially in good weather.
